

CENTER FOR COURAGEOUS KIDS

Center for Courageous Kids in Scottsville, KY is a world-class medical camp designed specifically for children living with medical challenges that would prevent them from attending a traditional camp.

More than 50,000 sq. ft. of Snap-Clad metal roofing panels were utilized on multiple buildings at the \$16.3 million facility. The 24 gauge panels were finished in Award Blue to provide continuity and a bright look throughout the campus.

The 140 acre campus is open year-round and includes an on-site medical center, equestrian center, bowling alley, indoor aquatic center and gymnasium.

Construction for the design/build project was done by Hardaway Construction, Nashville. “It was a pasture before we started,” said Wayne Sharp, senior project manager. “But what a great outcome for the kids!”

Given the multiple buildings involved, the project was bid in phases according to Sharp.

Two roofing contractors were involved in the installation: Gunter Construction Roofing, Scottsville, KY and Geoghagen Roofing, Bowling Green, KY.

Petersen, a Carlisle company, manufactures PAC-CLAD architectural metal cladding systems in multiple gauges of steel and aluminum. PAC-CLAD products include hidden- and exposed-fastener wall panels, standing seam roof panels, flush- and reveal-joint wall panels, vented or solid soffit panels, perforated metal, coil and flat sheet, composite panels, column covers, plus fascia and coping. All are available in a Kynar-based 70% PVDF Fluoropon coating in 46 standard colors and 16 wood grain finishes that include a 30-year finish warranty. Most colors meet LEED requirements and are rated by the Cool Roof Rating

Council. Custom colors and weathertightness warranties are offered. BIM and CAD documents are available for most products. Founded in 1965, Petersen's facilities are located in Illinois, Georgia, Texas, Maryland, Arizona and Washington. For information on the complete line of Petersen's PAC-CLAD metal products call 800-PAC-CLAD, visit pac-clad.com or write to info@pac-clad.com.
