### PAC-TITE ANGULAR FASCIA

#### BUILT-UP OR MODIFIED VERSION

**PRODUCT FEATURES**
- Unmatched uplift protection in modified/built-up roof edge applications
- Combines superior strength and aesthetics with ease of installation
- Non-penetrating design eliminates need to strip-in deck flange
- Superior watertight integrity of the installation
- Extruded aluminum anchor bar allows for vertical face attachment without penetration of horizontal flange
- Minimizes potential delamination between asphalt and metal deck flange
- Extensively tested to exceed industry standards
- Pre-punched holes for precise fastener placement and quick installation
- Slotted holes allow for thermal movement
- Lifetime, 215 mph wind warranty available
- Wide variety of colors and finishes
- Convenient 12’ Lengths
- Custom and radius capabilities available
- Reusable and recyclable for reinstallation

**MATERIALS**
- 43 Stocked PAC-CLAD Finishes (24 gauge steel)
- 22 Stocked PAC-CLAD Finishes (.040 aluminum)
- Mill Finish Aluminum (.040 aluminum)
- Clear and Colored Anodized (.040 aluminum)

**ACCESSORIES**
- Miters (90 Degrees and Non-90 Degrees)
- Scuppers (Downspout, Spillout and Overflow)
- Drainage Components

**TESTING**
- ANSI-SPRI/FM 4435/ES-1 Standard to a design pressure of 290 lbs/ft² to comply with the International Building Code
- Factory Mutual approved
- Miami-Dade Approved to comply with the "High Velocity Hurricane Zone" of the Florida Building Code

**WARRANTY**
A Lifetime 215 mph warranty is available. It covers replacement or repair of any portion of the roof edge system that has failed due to a defect in the supplied materials. The warranty covers the roof edge for the lifetime of the roof on which it was originally installed.
