Dear Todd:

As of September 15, 2025, DrJ Engineering, LLC (DrJ) has completed the annual review for Report Number 2404-02, which certifies that PAC-Shield Wall Products (PAC-Shield CI Ply, PAC-Shield CI Ply (Class A), PAC-Shield CI NB, PAC-Shield CI Foil, PAC-Shield CI Foil (Class A), PAC-Shield CI Coated Glass, and PAC-Shield CI Coated Glass (Class A)) are compliant with the building codes referenced in Section 4 of the report. The scope of the certification covered is as listed in Section 6 of the report, and the term of the certification expires at the end of the day noted on the report as the "Subject to Renewal" date.

In order to maintain your certification, a copy of your quality control manual must be sent to DrJ if it is edited or updated. Likewise, any changes to the design, manufacturing process, ownership, or structure concerning code acceptance must be incorporated into your accepted documents and submitted to DrJ for review.

An annual review is scheduled for Quarter 3 of 2026. The report is posted on DrJ's website at <https://www.drjcertification.org/ter/2404-02>. Please visit [drjcertification.org](https://www.drjcertification.org) or call us at 608-310-6748 for more information.

Sincerely,

Evie Reinke
